

SECRET

ADM 12:10

3 July 1968

MEMORANDUM FOR: Chief, Intelligence Liaison Support
Staff, DD/S&T

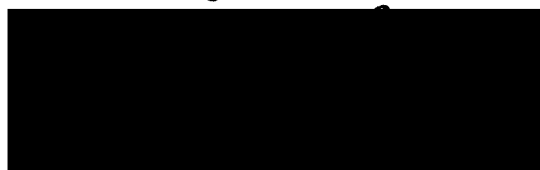

SUBJECT : Status Report on FMSAC History

1. Per your verbal request this is the situation concerning the FMSAC history. A first draft of the history of FMSAC has been completed up to May 1966. Rough notes and ideas from that date have been sketched out to be added to the narrative form.

2. The GMAIC contribution which will be an annex to the FMSAC effort has been received and there should be no problem with that.

3. A review of the last progress report indicated a final submission date of FMSAC's history on or about 15 April 1968. The delay has occurred due to the press of daily problems and the lack of time to really sit down without interruptions and complete the work.
